Dear Parent/Guardian

### Year 11 PPE's

Following October Half Term students in Year 11 will sit a formal set of PPE's in each of their GCSE subjects. These will be conducted between 2-9 November 2021 and a timetable will be published shortly.

To support students in their preparation for these exams they have been completing sessions within PHSE on successful techniques for revision. Additionally, we will be running after school revision sessions starting on Tuesday 5 October for each subject in the run up to Half Term.

The revision sessions will focus on recapping key pieces of knowledge as well as helping students ensure they are able to secure the most marks in a question by re-visiting key techniques in responding to different types of exam question.
