Company Description

At Prudential we help people build their futures with long-term savings, investments and pensions. And with six million customers in the UK along, we're one of the country's leading Life and Pensions providers. We're also one of the longest-established, with roots going back to 1848.

Vacancy Description

At Prudential, we work hard to create an environment that enables everyone to flourish and we actively encourage diversity across the business.

As a Finance Reporting Apprentice, you will support valuation of various new and existing life insurance and pensions products. You will be expected to use MS Excel and other tools to perform in-depth numerical analysis of these products.

Finance Management, Planning and Performance (FMPP) works in partnership with the business and wider Finance function to deliver the Business plan, improve performance and make informed decisions by providing financial insight and guidance.

Your duties will include:

- Undertake numerical analysis and data manipulation using a range of software
- Prepare and document IT programs and models
- Support a variety of management reports
- Respond to technical queries
- Support project work when required
- Seek and act on opportunities to develop technical and business understanding
- Draft and maintain up-to-date, appropriate documentation and checklists for processes
- Provide ad hoc admin support to the team where required
