Dear Parent/Guardian

Head Lice – Year 8

As you will know, head lice are a common problem in all schools and the only defence is the carrying out of regular checks of children's heads. The use of conditioner on the hair and combing through regularly with a fine-toothed comb also helps to prevent this nuisance. Your chemist will offer advice on a wide range of treatment shampoos.

We are aware of recent cases of head lice in Year 8 and would ask you to help us keep this problem to a minimum by checking your child's head regularly and using one of the treatments available if necessary.

More information on how to treat and prevent head lice can be found on the link below.
