

The final furlong....

If secondary school is a marathon....

We're in the sprint for the finish line phase!

In your secondary school careers you will have had around 4500 lessons....

And there's just 100 to go!

How to make the most of the final 100 lessons!

Be in school!

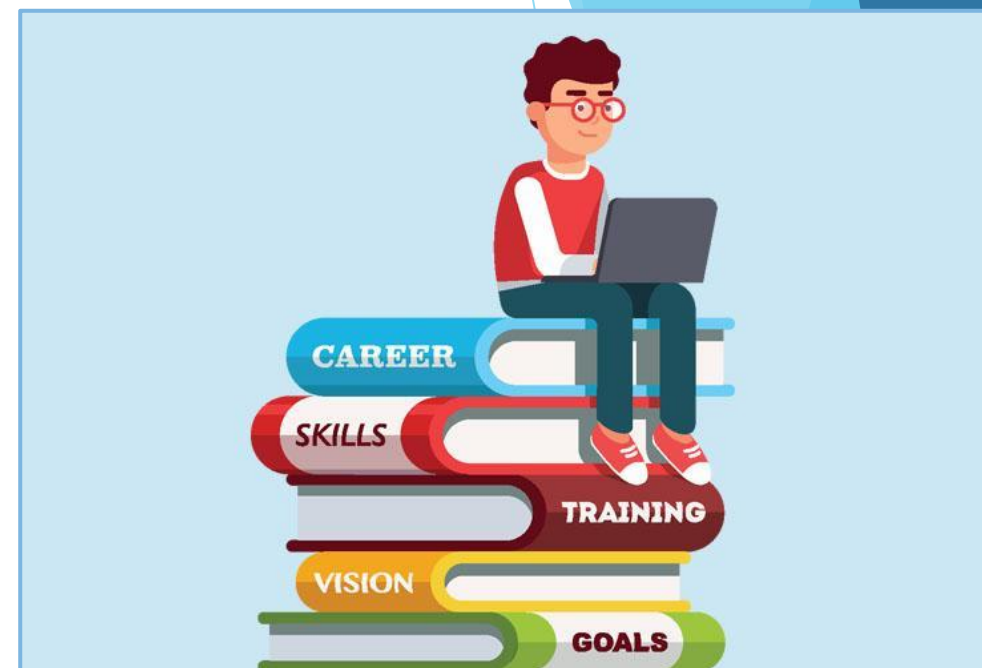

Be punctual (to school and lessons)

Be prepared - have your books & equipment

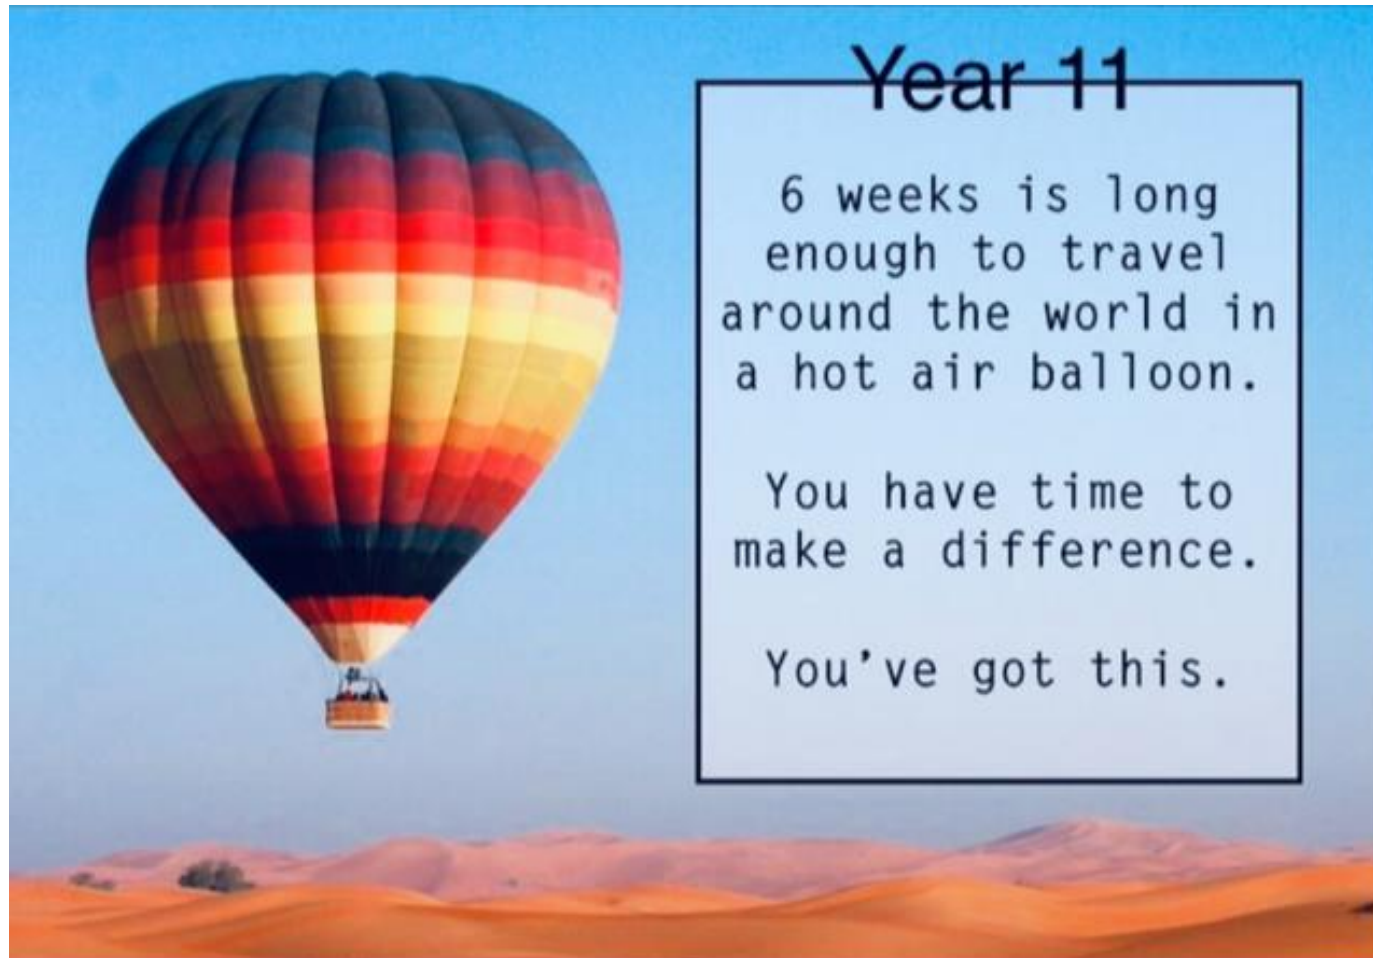

Be prepared to contribute in lessons and work hard!
Don't take your foot off the pedal now!

Take advantage of the support available (more to come)

Don't tolerate poor behaviour from classmates. Don't get drawn in if there are others not wanting to succeed.

In your secondary school careers you will have had around 4500 lessons.... And there's just 100 to go!

Support in the final weeks of term

- ▶ Most subjects now have completed the course content and have switched to revision.... This has been planned and targeted to support you.
 - ▶ Use lesson time constructively
 - ▶ Come prepared with your exercise books, knowledge organisers, revision guides etc
 - ▶ Homework tasks have been set to target key areas of knowledge or to practice specific skills
- ▶ Many of you have MyTutor to support with specific subjects - please ensure you are prompt and using the full session
- ▶ **Some students** will be assigned a mentor to support over the final few weeks
- ▶ Any student yet to have a College / Apprenticeship place organised will have 1:1 support to do so
- ▶ Individual subjects are offering bespoke revision opportunities at lunchtime / afterschool. **If you are invited to attend, do so!**
- ▶ The library & OLC are available afterschool on a Tuesday/Weds/Thursday as a space to revise.
- ▶ **If you are stuck on something let your teacher know!**

Once exams start.....

- ▶ Formal GCSE written exams start on **Monday 16 May**.
- ▶ The first two weeks of exams see exams mainly taking place in the morning session (see below)
- ▶ We will create a 'shadow' timetable around the exams that will commence 16 May and run until 25 May. This will factor in revision booster sessions for upcoming exams around the exams and the 'normal' timetable.
- ▶ You are expected in school until 25 May. **Study leave will start on Thursday 26 May** - at this point you are only expected in school for your exams.
- ▶ A study room will be available for anyone who wishes to come to school to revise **after 26 May**

Date	AM Session	PM Session
16 May		Computer Science
17	Biology	
18	Eng Lang	
19	History	Drama
20	Maths (1)	

For example: The shadow timetable for the first week of exams will likely have an extended Biology revision session on Monday 16 May. There will be an English session on the afternoon of Tuesday 17 May etc.

Easter School

- ▶ Why?
- ▶ 14 days of school on return
- ▶ A blast of revision for most subjects

Easter School
