

Parent feedback...

A strong sense of community within the school

**Excellent communication
between school and parents.
It's very positive that the
teachers know the students
well**

MAIDEN ERLEGH
CHILTERN EDGE

**Lots of extra curricular clubs to attend.
Supportive to individual students needs.
Great pastoral teams**

**Extra curricular activities are
great. My daughter loves
getting involved in the sports
clubs**

**Communication
and
encouragement**

**Dedicated leadership and a true
vocation from many of the teachers.
Genuine concern for the welfare of the
pupils. Better than many of the private
schools I have experienced.**

Communication with parents is good. Staff seem to know who my children are. They are given plenty of opportunity to get involved in extra-curricular activities, of which there are a great variety. Staff are responsive to communication.

Communication between parent and school is good. I also like that the children are encouraged to look smart and ready for learning and that they know what is expected of them. I liked that I got a phone call from my daughters English Teacher to tell me how pleased she was with her progress, something that never happened with my older two children at another school!

Keeping my children safe in the school environment. Being a smaller school helps build bonds and trust between children and staff. Amazing performing arts - Addams family by far the best school show! Sporting clubs / teams. Revision for all students not just older years. Online learning during covid times was outstanding.

MECE has transformed our son. He came to the school having been bullied at 2 previous schools. MECE is a very caring school and makes it clear that bullying is not to be tolerated. The care and support of individual students is second to none and a child will perform best if they are happy. I would wholeheartedly recommend MECE.

Parent feedback...

Outstanding support for anxious, fearful child. Predictable, safe and reassuring. Teachers seem to really care. So impressed.

The headteacher & SLT have made an amazing difference - their dedication has been outstanding in highlighting areas needing improvement & the quality of teaching.

MAIDEN ERLEGH
CHILTERN EDGE

The school has made considerable improvement in the last couple of years and is lead successfully under the stewardship of Mr Hartley.

There are some amazing and inspirational teachers!

Providing clubs for pupils to attend in order to encourage them to learn something uniquely different from the mainstream academic subjects e.g. "Gifted Science Club".

Striving to constantly improve. Clearly demonstrating efforts to improve. Striving for excellence. Improving standards. Communication to parents through open evenings. Throughout COVID MECE has made lessons achievable. The hard work of the staff has not gone unnoticed, to reach pupils through this difficult and very challenging time...Excellent!

Supportive - Keep parents and students well informed. Ms Biddiss is amazing at understanding my child's disability, I'm sure others are too but I've only dealt with Ms Biddiss & Mrs Clarke. Giving my child a time out card has helped so much. I receive regular updates on my child's progress and where extra support has been needed. I cannot fault this school, all the staff are amazing

The headteacher gets involved and takes the time to get to know the children. I like that positive praise is being used in some lessons, this is far more effective than focusing on the negatives and my son responds well to this. The music and PE teachers are very supportive of my son's interests which he really appreciates. I have only heard good things about all the teachers from my son, he raves about them all!

feedback

When Maiden Erlegh Trust took over Chiltern Edge, and the waste of space that is SODC retreated, I felt like I'd won the lottery and my son was in for a gold standard of education. I have not been disappointed. The teachers the school appoint are first rate, and my son is on course to get nothing lower than 7s (9s looking very likely) he's happy and feels valued by the school. So thankyou MET and MECE

The support provided to my autistic daughter is exceptional and makes a real difference to our lives. The quality of homework provision is excellent and provides both my daughter and I with full information about what is expected and when.
