Dear Parent/Guardian

I am pleased to announce that the schedule for Saturday School up until Easter 2019 has now been finalised.

For Triple Science there is the opportunity to spend 2 extra hours with Ms. Hardman, this will mean that the course can be comfortably finished by the exams and there will be time for revision. Students will then have the opportunity to work in small groups with either the English or Maths specialist to aim for a grade 9.

For students aiming for a 5 and beyond and a grade 4 in English and Maths, the program has been designed so that they can work in focused groups with the English and Maths specialists. I will run small Maths groups for my students who need a big boost to get them on track.

Saturday School made a tremendous difference to the progress and achievement of the Year 11 students last year. Mr Brett is a very successful Head of English working in Nottinghamshire and Mr Wamar is a very successful Maths consultant working in London.

I would encourage you to encourage your children to attend as reaching target grades is the key to the next stage of education and I am confident that Year 11 can do it with hard work and dedication.

I look forward to seeing our Year 11 students at Saturday School in January.

Yours faithfully,

Miss Moira Green
Headteacher
