Dear Parent / Guardian

Strike Day / Science Wood Trip – Tuesday 2 May

On Tuesday 2 May, we are pleased to confirm that Year 10 students will be coming to school, as usual, when they will be completing lessons during period 1 before taking part in their science field work from period 2 onwards.

The field work will take place locally in Sonning Common, students will be closely supervised whilst walking to and from the site, which is a short distance up the road, to a nearby farm to complete their fieldwork. Please make sure they are dressed sensibly for the weather including a waterproof jacket and outdoor footwear (trainers/walking boots/wellies).

Students will be in school for either break OR lunch, not both, so please send in a snack if you think they will need extra food as well as a water bottle.

Please contact the main school office if you have any questions.

Yours sincerely

Mrs K Hardman
Head of Science
