Cyber Choices—TVP

Following the resounding success and popularity of the Parents & Carers Cyber Choices webinars we ran back in February and March of this year, we have set up four more sessions over the summer.

The Cyber Choices sessions for parents, looking at how we can help to safeguard young people from committing computer misuse offences, and why this needs to happen, can be booked now via this link: Cyber Choices: [Cyber Choices by Police - South East Cyber | Eventbrite](#)

These sessions last around an hour and are totally FREE to attend. They are aimed at parents/carers of a wide range of children/young people, from KS2 pupils (7-8 year olds) right up to college/uni students (18+) Each webinar covers the same material, so they need only sign up for one of them.

My colleagues in Cyber Protect are running separate webinars for parents and carers, with a focus on protecting children from online threats. These sessions – also FREE - can be booked here: Cyber Protect: [Online Safety for Parents by Police - South East Cyber | Eventbrite](#)
