Dear parent/guardian

### KS4 options process

On Tuesday, during Assembly, I gave Y9 an overview of the KS4 options process which they will embark on later in the year. During the assembly students completed the Straw Poll activity which gives me a very broad indication of which subjects students might be most leaning towards choosing as part of their options suite of options. This activity in no way binds them to these subjects, but has hopefully started to plant some seeds in their minds about the choices they have to make over the next 3 months or so.

As part of the process I did ask students to indicate if they would be interested in sitting an additional GCSE in a "home language" (e.g. Italian, Polish, Urdu). If you think your son/daughter would like to explore this option please make sure they have spoken to me over the course of the Options Process.

The KS4 Options process will formally launch in January and I will share further information then. In the meantime please find [here](#) a document about the current educational landscape.

Best wishes

Miss E Bliss
