

Hi, my name is Isaias and I'm very honoured to be Head Boy at MECE. Since joining in Year 7, this school has helped me grow in confidence. I remember barely speaking at the start, now I love getting involved in school shows, running clubs, and helping out wherever I can.

As Head Boy, I want to make sure the student voice is heard and taken seriously, so that everyone feels represented. I also hope to lead on some exciting new events next year. I'm really looking forward to working with both staff and students to help make MECE an even more inclusive and supportive place for everyone.

Hello, my name is Imogen, and I am privileged to have been appointed Head Girl. Since beginning my journey at MECE in Year 7, I have always looked up to the Head Students and the positive impact they had on our community. Their leadership inspired me to make the most of my school experience, and now I hope to have a similar influence on others just as they did.

This role is more than just a title to me—it's an opportunity to give back to the school that has helped shape who I am today. Over the years, I've been actively involved in school events, shows, clubs, and competitions. These experiences have helped me grow in confidence, and have shown me how vital student contribution and community spirit are to MECE's student culture.

As Head Girl, I'm committed to listening to students, voicing their ideas and concerns, and helping build a more inclusive, supportive, and successful school environment. I look forward to leading new initiatives that celebrate our diversity, promote teamwork, and recognise the achievements of all individuals.

I'm extremely excited for the year ahead, and am ready to apply myself fully to support and strengthen our MECE community.

Hi, my name is Jorgia and I am so grateful for being allowed the opportunity to become Assistant Head Student and I am excited to contribute to the school and connect with students and teachers. Being a MECE student means embracing opportunities to grow, lead, and contribute positively to the school community as well as immersing yourself in anything that comes your way.

One of my greatest experiences at school was the Italy/France ski trip that I highly recommend to students thinking about going as it allowed me to explore and enjoy the sport of skiing and have a great holiday with my friends. In school, I enjoy drama and sports clubs like athletics and netball. Finally, as a Senior Student, I hope to create an inclusive environment where every student feels supported and inspired to achieve their best.

## Head Students 2025 – 26

Hi, my name is Samuel and I'm excited to lead on academic success at MECE.

I have always been involved in activities throughout school life for example the school shows where I have been active in both the pit band and on stage. I also have been a keen member of the school council over the years and last year was a candidate in the school General Election. During last year's Bus Pass consultation with Reading Borough Council I wrote, an impassioned plea which I delivered directly to Mr Grady, Director of RBC on a Zoom call. I want to encourage other students to get involved in all areas of school life and reach their potential through participation.

One area I am keen to explore and make a focal point is providing opportunities for students in all year groups to engage in shaping the school from within. I am looking forward to working with staff and students across the school to develop a programme whereby students in older year groups support and mentor younger years through particular school milestones, for example the GCSE options process or Work Experience.

My name is Brooke and I am so pleased to be an Assistant Head Student! Being a MECE student is all about getting involved, being friendly, and making suggestions to benefit our school.

Being at MECE for almost 5 years has really changed me as a person, I have grown in confidence and discovered what I would like to do after year 11. My favourite subject is PE. As I am sporty, my goal is to make everyone enjoy sports as much as I do. I would love to see everyone take part in sports day even if they are not sporty. As this is my last sports day I'm determined to work hard and achieve this goal. However, my top experience would be having the chance to go on the school ski trip 3 years in a row. I had an amazing time skiing, made wonderful memories, and enjoyed spending time with teachers in a non school environment.

As a Senior Student I promise to make students feel heard and fully commit to helping our school.
