

5 September 2025

Dear Parents and Carers,

RE: Year 7 Maths Assessment

This week, Year 7 students will complete a **Maths Baseline Assessment** during their Math's lessons,

- **Format:** Non-calculator test
- **Duration:** 50 minutes
- **Content:** Questions cover the full Year 6 Maths curriculum, ranging from simple to more complex topics

Purpose of the Assessment

The assessment is designed to identify any knowledge gaps from Key Stage 2, particularly in areas that underpin much of the learning in Key Stages 3 and 4. By highlighting these gaps early, teachers can provide support and ensure that students are fully prepared before new content is introduced.

Preparation

Students do not need to revise for this test. It is intended to give teachers an accurate picture of what pupils already know and where they may need extra help.

Consistency Across the Year Group

The same assessment will be completed by all students. This allows teachers to make useful comparisons across the entire Year 7 cohort.

Further Information

If you have any questions or would like more details, please contact **Saritha Gopal (Head of Maths)** at s.gopal@maidenerleghtrust.org

Science Baseline

In addition to Maths, Year 7 students will also complete a **Science Baseline Assessment** within the next few weeks. This will give teachers a clear picture of students' prior knowledge in science and help them plan lessons effectively. If you have any questions or would like more details, please contact **Adonis Mavromichalis (Head of Science)** at A.Mavromichalis@maidenerleghtrust.org

Kind regards

Sian Haycock
Head of Year 7 & 8
