14 February 2020

Dear Parent/Guardian

I am writing to remind you that after half-term our students will be required to possess a list of key school equipment ('Tools for Learning') that will enable them to function more effectively both in lessons and at home. The equipment below will also be sold at school as individual items and as a complete pencil case to make things simple. The individual items will be available for students via Student Services department with Mrs Worth but we will also sell the complete pencil cases through our school reception if any parents are popping by.

As I put in my parent newsletter last Friday we are happy to allow any scientific calculator, although our preference is for the model listed (Casio FX-83GTX) as it makes teaching the functions of the calculator much more straightforward. I am also happy to allow in the short-term any see through pencil cases that have a light pattern on and have already been purchased but moving forwards please can completely clear pencil cases be purchased as replacements.

In the week after half-term, we will do a 'settling in' week where students will be expected to have the items on the list but there won't be any sanctions. The equipment will be checked twice a week in tutor time to ensure the equipment supply is maintained by students. Equipment will be available for sale before school and during breaks and lunches and will be sold at cost price, please refer to price list below.

Thank you for your support for this initiative, I am sure it will have a very positive impact upon learning.

Yours faithfully

Andy Hartley
Headteacher
