

Year 7 & 8

VIRTUAL STEAM DAY

Discover the
world of
Science, Technology,
Engineering,
Art, and Maths

MONDAY
13 JULY
2020

Google Classroom

What is Virtual STEAM Day?

Virtual STEAM Day provides you with the opportunity to immerse yourself in the five STEAM subjects and industries through informative sessions and activities. You will find out all about the amazing careers linked to each STEAM subject and what it is like working in a STEAM industry!

Why take part?

The day is an opportunity for you to deepen your understanding of the STEAM subjects you study in school and how they link to the world of work, and perhaps be inspired to pursue a STEAM career yourself!

How do I take part?

You will not be set any classwork to complete on Monday 13 July so you have time to participate. Information and instructions will be posted on the Year 7 & 8 Google Classroom tutor pages at 9am on the day. There will be a short introductory presentation before you choose which STEAM challenge to complete!
